Top Skills

React JS
Javascript
HTML & CSS

Certifications

Intercollegiate Science Exhibition

Magic Bus-Connect with work
Programme

Scientific Computing with Python

Responsive Web Design

Featured Projects

Smart Election System
- Built secure election system with face recognition
- Used OpenCV for 50×50 grayscale images
- Prevented double voting via Aadhar + CSV check
- Terminal UI with real-time vote logging
- Stored data in CSV and Pickle (.pkl) formats

Weather Forecasting Web App
- Built responsive weather app (HTML, CSS, JS)
- Integrated real-time weather API
- Optimized for all screen sizes and devices

Kaushik pandey

BSC-CS || Code enthusiast || React || JavaScript || HTML & CSS
Mumbai, Maharashtra, India

Summary

Innovative and detail-oriented Frontend Developer with a passion for building clean, responsive, and user-friendly web applications using React.js, JavaScript, HTML, and CSS. I love turning complex UI designs into smooth, scalable experiences that work well across all devices.
While frontend is my main focus, I also have basic full-stack experience with Node.js, Python, MongoDB, and MySQL, which helps me collaborate better with backend teams and understand how things work behind the scenes.

Experience

Bharat Intern
Web Development Intern
July 2024 - August 2024 (2 months) Successfully completed the Virtual

Internship Program at BHARAT INTERN in
Web Development as an active participant.
